ANDERSON COLLEGE

HISTORICAL NOTES

1848-1950

Anderson College traces its origin to one of the first institutions ever established for the higher education of women in the United States. This institution was an antebellum academy, the Johnson Female Seminary, opened in the village of Anderson in 1848. It is still well remembered in the City of Anderson, and the names of many of the older families of the community are to be found in surviving classrolls of the old seminary.

During the Civil War, Johnson Female Seminary was forced to close and subsequently the stress of the times prevented its reopening. But the spirit of educational enterprise lived on in the community, and in time a new generation of men and women arose to carry on where the old institution had left off. The outcome of their efforts was the present Anderson College. Its foundations were laid in 1911, and since its opening in the fall of 1912, it has held a place among the recognized colleges in the state.

The College was founded as a community enterprise, but its builders were not inspired solely by local pride; they felt the need of combatting the influences of materialism and industrialism upon the life of a little town fast becoming modern. Though a community enterprise in its inception, Anderson College soon came under the protection and guidance of the Baptist denomination.

In November, 1910, a mass meeting of citizens instructed a committee to proceed to the South Carolina Baptist Convention in session at Laurens, and to offer the Baptists of South Carolina \$100,000 and a beautiful property of thirty-two acres, located on the Boulevard within the city limits. This committee appeared before the Convention at Laurens and in the name of the people of Anderson urged acceptance of the gift. The convention voted unanimously to accept it, and elected trustees.

TRANSITION TO A JUNIOR COLLEGE

Anderson College, which since 1912 functioned as a senior or four-year type college, assumed a new role in the educational program of the state by opening in September, 1930, as a junior college. The decision to reorganize as a junior college was made in 1929, and in that year the change was ratified by the Baptist State Convention. Thus Anderson College became a leader in South Carolina in what is considered one of the most significant developments in American education in this country, the junior college movement.

Some of the advantages of the Junior College may be enumerated:

1. The junior college offers two years of regular college work paralleling that of a standard four-year college or university, thus enabling the student to transfer to the junior year without loss of time or credit.
2. The junior college provides terminal courses, designed to give training on the college level which will prepare the student for a vocation in two years.
3. Some fifty per cent of the students of the four-year college drop out after the freshman and sophomore years. The junior college gives the student an opportunity to complete her studies and receive a diploma.
4. Since administrative officers and instructors show a personal interest in each student and provide individual guidance, the junior college serves to bridge the gap in the abrupt transition from high school to college.
5. Small classes make it possible for the students to come into close contact with the instructors; hence many succeed in the junior college who would fall by the way in a larger institution.

EDUCATIONAL OBJECTIVES

Anderson College is a junior college with a high school department, stressing Christian living and personalized education.

Anderson College was founded as a college for women and provides no residence halls for men. After it became a junior college, young men of Anderson and nearby counties who desired the advantages of a college education in the local community were admitted as day students.

While preparing one group for transfer to senior colleges and universities, the College has recognized as one of its important aims the preparation of young women and young men through terminal courses for immediate entrance into the business world and into lives of service in the home and community.

Objectives of the College include the fostering of Christian ideals, the development of a rich, varied, and abiding interest in learning, training in a wholesome social life, knowledge and practice of laws of health, and vocational and avocational guidance.

To assist in a realization of its purpose of emphasizing "Appreciation of the Beautiful" as an objective, the College offers class work and private lessons in art, dramatic art, music, and speech.

PERSONNEL AND GUIDANCE

Adequate personal adjustment for every student is the aim of the junior college. In keeping with this standard, Anderson College maintains a program of Personnel and Guidance.

An orientation program for freshmen is conducted during the first weeks of the fall semester. Students become acquainted with the ideals and aims of the College, the customs and traditions, the physical plant and the social life of the campus and city. Diagnostic tests and inventories are given on aptitudes, subject matter, and personality.

Specific academic counseling is provided for every student. Students choose their advisers from members of the faculty. Each instructor is available as a counselor to all students enrolled in his department.

Case study records are kept for each student. This material consists of general personnel information, scores achieved in placement tests and personality inventories, records of extra-curricular activities and reports relative to academic, vocational and social counseling. Participation in extra-curricular activities and in the cultivation of hobbies is encouraged.

Instructors expect their students to use clear and correct English in all written work of their courses, and due weight is given to this phase of the work in making out grades. Students whose English is unusually defective are assigned remedial work in English classes meeting two extra days each week.

SOCIAL PROGRAM

The social program is designed to give practical experience in leisure time activities. A student social committee plans and directs a suitable program of events which provides opportunity for wholesome self-expression. With a limited enrollment of resident students, every individual has the opportunity to participate in some extra-curricular activity. The President and most of the faculty members live in the college dormitories, and the association of the entire group in the social life of the College makes it possible for every student to form many new friendships.

The proximity of other colleges and universities affords Anderson College students the same advantages of participation in social activities which are found in coeducational institutions. Numerous parties, to which students from neighboring colleges are invited, are included in the calendar of events. Throughout the year joint socials with the Clemson cadets are arranged under the supervision of the Dean and the Clemson "Y" officials. With the written approval of parents and guardians, students may accept week-end invitations off the campus.

Traditional events which have long been an important part of college life in Anderson are anticipated as Red Letter occasions. To introduce the tradition of hiding the crook the Crook Banquet is given

on Halloween. Christmas First Night ushers in the holiday festivities which are climaxed by the Yuletide Vesper Service and Pageant. Founders Day is appropriately observed on February 14. The May Day festival, given in the campus amphitheater early in the month of May, is followed by the series of Commencement activities.

STANDING OF THE COLLEGE

Anderson College is officially accredited by the University of South Carolina. Students taking the subjects required by the University of South Carolina or Winthrop College are admitted to full junior standing in these state institutions. The curriculum, faculty, and equipment of Anderson College have been examined and approved by the State Department of Education. The preparatory department is fully accredited by the State Department of Education. The College is a member of the American Association of Junior Colleges. By virtue of these standardizing agencies, students are given full credit by the other colleges and universities to which they apply for advanced standing.

PLACEMENT SERVICE

The college placement service is carried on through the office of the Dean. Qualified candidates, completing the two-year course for elementary teachers, are recommended for teaching positions. In spite of the large enrollment in the department of Secretarial Science, the College is unable to meet the many demands made upon it for graduates of this department. Other graduates are placed in the fields of art, church work, journalism, music, nursing, radio, and social service.

GENERAL INFORMATION

LOCATION

Located in the foothills of the Blue Ridge Mountains in the famous Piedmont section, Anderson enjoys an ideal year round climate. Out-of-door living and playing can be carried on in comfort all winter as well as throughout the summer. The College, with its thirty-two acre campus, occupies a commanding elevation, a mile from the center of the city on the Boulevard, which is one of the best residential sections. A bus line runs to the college entrance.

The community of Anderson offers the advantages of a cultured and prosperous people who identify themselves with the institution in a whole-hearted way. The life of the city embodies the best traditions of the South. Anderson College is one of the centers of the community life of the city, all civic movements including it in their programs of co-operation.

Anderson is on the main route of Eastern Air Lines from Atlanta to New York and is served by regularly scheduled southbound and northbound planes. Paved highways approach Anderson from each of the points of the compass. The cross-state automobile highway running through Anderson is Route 29, and Atlanta is only one hundred and thirty-three miles west on this highway. Beginning with the Arlington Drive in our national capital, Route 29 takes one through the Piedmont section of Virginia into the heart of the Sunny South. Anderson College is thus made accessible to Virginia, North Carolina, Georgia, Alabama, and Florida students:

THE CAMPUS

More than a hundred oak trees grow on the campus which is landscaped in a series of rising terraces, with flower-bordered walks and driveways. Wisteria, dogwood, a rose garden, and formal memorial gardens add to the natural beauty of the grounds. The tennis courts, athletic field, and stone fireplace for roasts and picnics are located on the back campus.

BUILDINGS

The educational plant consists of five modern, steam-heated brick buildings, all connected by colonnades. The buildings include the Administration Building, the East and West Dormitories, Whyte House and the Auditorium and Dining Hall. The President's Home and the Lodge are also on the campus.

Administration Building. Four tall white columns mark the entrance of the Administration Building. It accommodates the offices of the President and Dean, the business office, bookstore, parlors, library, home economics and science laboratories, and many of the classrooms.

West Dormitory. West Dormitory houses the President's apartment and private offices, the studio of the Dean of the School of Music, the infirmary, and faculty and student suites.

West Colonnade joins this dormitory with the Administration Building. The postoffice and a large stone fireplace make this colonnade a center of student activity.

East Dormitory. East Dormitory contains, in addition to faculty and student suites, the art studio, classrooms of the Department of Secretarial Science, music studios, and the gymnasium and recreation room.

Auditorium. The auditorium seats approximately 700 people. The stage is equipped with up-to-date lighting units. Music studios and practice halls are also in the building. Daily Chapel is held in the auditorium. Concerts, recitals, plays, lectures, and operas are presented here.

Dining Room. The dining room is attractive and spacious. Tables seating ten students including a sophomore hostess are used. Once a month the students change tables. In this way it is possible for all students to know each other.

Library. The General Library occupies the center-front portion of the second floor of the Administration building. There are over seven thousand volumes catalogued according to the Dewey Decimal system. A trained librarian is in charge and student assistants are employed. Instruction in the use of the library is a part of the first year English course. The use of the Anderson Public Library is also extended to the college students.

The Dramatic Loan Library is located in the Dramatic Art Studio. This library was granted to the College by Samuel French, play publisher, as a loan library for dramatic groups in Anderson and nearby sections. At present there are about twelve hundred books, consisting of one-act and full length plays, collections of monologues, and dramatic scenes, and other dramatic materials. New books are being added to the library all the time.

The Record Library, located in the voice studio in East Dormitory, consists of a varied and extensive collection of records, all of which

were given to the College by Wilton E. Hall. Students and faculty members have the opportunity to hear recordings of the best music of great composers in this listening room.

RADIO

Anderson College presents two programs a week from the Anderson stations WAIM and WCAC. Student broadcasts are prepared by the classes in radio. The musical programs include selections by the Glee Club, the Motet Choir, and other voice students, as well as organ, piano, and violin numbers. Radio experience is given to students in the Department of Speech, in the Anderson College Players, and in other departmental clubs. The President of the College and faculty members are heard frequently. Certain classrooms and studios are served with radio reception and educational programs may be heard by students and faculty.

HEALTH

The health of the student is considered of primary importance and is under the care of a woman physician. Dr. Olga Pruitt, the college physician since the opening of the institution, by her professional efficiency and untiring interest easily wins the confidence of the students. The infirmary is under the immediate charge of a resident nurse. Regular office hours are held for consultation with any student desiring to talk about matters concerning her personal health. All indispositions must be reported at once to the nurse, whether they are of temporary or more serious nature. Colds and headaches and other slight disorders are treated free of charge by the resident nurse. Cases of contagious diseases are isolated. In case of serious illness, the parents or guardian will be notified at once, and should special nursing or hospital service become necessary, the extra expenses must be borne by the parents or guardian. Work was recently completed on the new modernly equipped nine story Anderson Memorial Hospital.

COMMUNITY LIVING

Rooms Students live comfortably at Anderson College. Dormitory rooms are *en suite*—two rooms with connecting bath. Four students live in each suite. This arrangement is especially favorable to the development of desirable living and study conditions.

Rooms are assigned to new students in the order in which the applications for admission are received and upon payment of a \$10 reservation fee.

Furnishings. Each room is furnished with two single beds, a study table, a dresser, two rockers, two straight chairs, and a built-in closet.

Students provide the following: bed linen, blankets, counterpanes, towels, curtains (2 1-2 yards long), and all necessary personal articles.

Students are responsible for the care of their rooms. Rooms are inspected daily at 9:00 A. M.

Damage to furniture, fixtures, or walls is paid for by the students.

Laundry. Arrangements are made whereby students may have their laundry done at a nominal price. Each article should be plainly marked with the student's name

A pressing room is provided for the use of the students. Students do not use irons in their rooms.

Vacations. Dormitories are closed during Christmas vacation. Students may remain in dormitories during spring vacation, subject to special holiday regulations of the College.

Wardrobe. Only simple, serviceable clothes are in keeping with the atmosphere of Anderson College. Cotton prints and sweaters and skirts are popular for general campus wear. Two or three street dresses and an evening dress meet the social needs. Emphasis in dress is put upon taste and suitability rather than quantity.

Allowance. Parents are asked to supply the students with only a moderate amount of spending money. Extravagant allowances are unnecessary.

Students making bills in the city do so on their own responsibility.

IMPORTANT REGULATIONS

The Dean keeps in close touch with parents and guardians at all times. All instructions in regard to the students, and all permissions should be sent by mail to her office. Parents are urged to study the catalogue and inform themselves about the regulations of the College.

When parents give their daughters permission to visit, or to be visited by any one, such permission should mention the names. Parents are asked not to give permissions to their daughters that conflict with the regulations of the College.

Students are expected to report to the College immediately upon their return to the city from week-end visits and vacations.

If boarding students are allowed to remain in the city or to visit friends during or after commencement, the parents or guardian must give the Dean written notice to this effect, and the student's baggage must be removed from the College. All responsibility on the part of the College ceases when the student leaves.

Students keeping money or jewelry in their rooms do so at their own risk. All money should be deposited in the college bank. Parents are asked to send money to students only by check or postal money order.

Telegrams are subject to the inspection of the Dean.

Students are expected to be on the campus at 6 o'clock every evening. Students leaving the campus after 6 o'clock do so by special permission and are accompanied by chaperons.

Students whose academic work is satisfactory may, with the permission of their parents, spend every week end at home. Self-help students are limited in their weekend visiting by the requirements of their work.

GOVERNMENT

The administration desires in every possible way to stimulate and encourage self-government—that is to awaken in each girl that individual conscience which is the final dictation in all matters, personal and impersonal. Recognizing, however, the fact that no parent would be willing to send a daughter to college where the administration had no disciplinary power, the Student Government Association acts with the advice and oversight of the Faculty Executive Committee.

WITHDRAWALS

The President of the College is authorized by the Board of Trustees to request the withdrawal of any student whose presence in the College, for reasons of health, conduct, or scholarship, does not meet with the approval of the administration, or whose influence, whether by word or deed, is injurious to other students or to the welfare of the institution.

AUTOMATIC WITHDRAWALS

The whole spirit of Anderson College is to help those most who need most help. It is the untiring policy to encourage students, to enter sympathetically into all matters of particular difficulty, and to deal patiently with freshmen during their period of orientation into college ways of study and recitation. If, however, because of persistent neglect, a student fails to make satisfactory progress, her parents are notified. If, at the end of the first semester, she fails in as many as two of her courses, she is warned by the Dean that her work is unsatisfactory. If she fails in as many as three of her courses, she is placed upon the conditioned list for the second semester. If, at the close of college, she has not passed on as many as fifteen of her semester hours, she is not permitted to return the following year.

RELIGIOUS LIFE

Anderson College is fundamentally and aggressively a Christian institution. It is the aim and purpose of the administration to engage teachers who hold as their justification for living and teaching, the privilege of encouraging and stimulating Christian principles and ideals.

The spiritual atmosphere of the College is marked by a certain definite resolution to keep moral and spiritual values in pre-eminence. Dr. Wilfred T. Grenfell, of Labrador, after visiting Anderson College, wrote back these words to the former President, the late Dr. John E. White:

"I tried to emphasize the message which they told me afterwards you are always standing for—the influence of the living soul as the supreme motive power, as against all and any intellectual attitudes."

Chapel. Devotional exercises are a part of every daily chapel program. They are conducted by local and guest pastors and faculty members.

Baptist Student Union. All the religious organizations are united under a Baptist Student Union, wherein the religious life of the College is organized and directed. The B. S. U. Council consists of the elected officers, and the president of the various religious groups of the College, including the Sunday School, the Y. W. A., and the B. T. U.

Sunday School and Church. Students are expected to attend regularly the Sunday School and church of their choice in the city.

The Young Woman's Auxiliary. In keeping with its ideal, the Young Woman's Auxiliary seeks "to bind together the young women of this College for world-wide service for Christ and unite them with young women of like interest in other colleges throughout the world."

Baptist Training Union. College students take an active part in the Training Union of the First Baptist Church.

Besides the religious activities carried on in the College, the President and faculty members conduct extension work in the state, giving part of their time to filling speaking engagements in churches in cities and towns and in rural communities.

RELIGIOUS EMPHASIS WEEK

A Religious Emphasis Week is set aside each session for a series of religious services. Friends from the city are invited to join with the students and faculty in the worship of chapel and vesper services during this special week. Such leaders as Mrs. Jessie Burrall Eubanks, Dr. Garis T. Long, Rev. Harold Cole, and local pastors have made Religious Emphasis Week one of the most important occasions of the college year.

INTENSIVE STUDY OF MISSIONS

In addition to the regular curriculum of the Department of Bible an elective course in the study of Missions is conducted under the auspices of the Woman's Missionary Union of South Carolina and its faculty of teachers.

STUDENT ACTIVITIES

STUDENT GOVERNMENT ASSOCIATION

Anderson College students have adopted a careful plan of self-government. Every young woman lives under regulations made by the Student Government Association and approved by the Faculty Executive Committee. Two student councils, the Resident Council and the Town Council, elected by this Association, administer the regulations, and in cooperation with the faculty foster standards of culture, honesty, and efficiency in the college life.

DENMARK SOCIETY

Membership in the Denmark Society is limited to sophomores of outstanding character and achievement. At the end of each year, sophomores who have maintained a high standard of Christian character, a constructive quality of service and leadership, and a maximum degree of individual scholarship are elected by the Faculty Executive Committee to membership in the Denmark Society.

COLLEGIANS AND COLLEGIANNES

Emphasis at Anderson College is placed upon rewarding good conduct rather than penalizing unbecoming behavior. The Collegians and CollegiAnnes are the self-governing members of the Student Government Association who are bound by the Honor System. The qualifications for membership include socially approved conduct, a spirit of willingness to serve, adequacy of scholarship, and willingness to take and to live by the pledge of self-government.

BAPTIST STUDENT UNION

The Baptist Student Union serves as a link between the student and the church. Each year a large number of students move their membership to the local church or come under its watchcare. Through the Ridgecrest Club, money is raised to be used in assisting with the expenses of students at Ridgecrest during B. S. U. week. The College is represented at state and southwide conventions and at the spring retreats.

WOMEN'S ATHLETIC ASSOCIATION

The purpose of the Women's Athletic Association is to develop skills in sports which will lead to intelligent and constructive use of leisure time; to promote standards of sportsmanship and to translate health facts into health practices which will function in each individual's program. During the year the W. A. A. sponsors tournaments and competitive games between the classes, and occasional games

are arranged with outside teams. The recreational calendar includes carnivals, parties, and supper hikes. The W. A. A. and the Physical Education Department present the annual May Day program. Points are awarded for participation in the various clubs, hockey, tennis, basketball, and softball, and letters are presented to those attaining the required number of points.

HONOR SOCIETIES

Phi Theta Kappa. In 1932 the Anderson College chapter, Beta Pi, was granted a national charter by the Grand Council of the Phi Theta Kappa. This junior college honor scholarship society, corresponding to Phi Beta Kappa for four-year colleges, has chapters in numerous accredited junior colleges throughout the United States. A student to be eligible must be within the scholastic upper ten per cent of the students enrolled in the college division.

The International Relations Club. The International Relations Club of Anderson College holds monthly meetings for the study and discussion of international affairs and sends representatives to the sessions of the Southeastern Association. Occasional public programs are also given. To be eligible for membership, a student must have a grade of B in a history, economics, sociology, government, or psychology course for the previous semester and an average of B in all other subjects.

Alpha Pi Epsilon. Alpha Pi Epsilon is a national honorary secretarial society for students of secretarial subjects. Its chief purpose is to professionalize the status of the college trained secretary. The society stresses superior achievement in stenography and encourages its members to carry high ideals into business relations. The Sigma Chapter organized at Anderson College in May 1941 is the only chapter of this national organization in South Carolina.

Delta Psi Omega. Delta Psi Omega, national junior college dramatic fraternity, corresponds to Alpha Psi Omega for four-year colleges and has approximately two hundred chapters located in junior colleges all over the United States. Students who have a good scholastic standing are eligible for membership in the organization after they have actively participated in play acting or producing. The membership in any junior college is limited to twelve members.

CLUBS

Town Club. The Town Club is an organization of all off-campus students. Campus and community projects are sponsored from time to time. The Club provides for the recreational activities of the day students. At the close of the year the organization presents a gift to the College.

The Anderson College Glee Club. The Anderson College Glee Club under the direction of the head of the Voice Department, plays a part in the religious, educational, and social activities of the city as well as in the college life. The Christmas Vesper service is an important feature on the college calendar. In recent years the club has participated in four Gilbert and Sullivan operas, Humperdinck's "Hansel and Gretel," Pergolesi's "The Maid as Mistress," Mozart's "Bastien and Bastienne," and "The Marriage of Figaro."

The Anderson College Players. The Anderson College Players is the college dramatic organization. The membership is made up of students interested in dramatic art, including all phases of play production. At the regular meetings, which occur twice each month, one-act plays and scenes from longer plays are presented. Public performances, composed of one-act plays, long plays, or a variety program, are put on during the year. Recently the following plays were presented by the club: "Young April," "Cinderella," "Chicken Every Sunday," and "Icebound."

Commercial Club. All students enrolled in the Department of Secretarial Science are eligible for membership in the Commercial Club. At the monthly meetings varied programs are presented at which the members discuss the opportunities and problems relating to their chosen field. Frequently, outside speakers who have achieved success in the business world are secured for the regular meetings. Social occasions are planned for the students and their friends from neighboring colleges.

Home Economics Club. The Doddridge Home Economics Club has for its aim to help college students who are interested in this field develop initiative, leadership, and professional pride. This club named after the first home economics teacher at Anderson College is affiliated with the American Home Economics Association.

Cosmopolitan Club. Students living outside the state of South Carolina compose the membership of the Cosmopolitan Club. It is a social club, which meets once a month, with students in charge of programs representing their home states. A trip to the mountains or to some nearby place of interest is a part of the yearly program of the organization.

STUDENT PUBLICATIONS

The Yodler. The Yodler is the campus newspaper, published monthly or more frequently, by the students of Anderson College. The Associated Collegiate Press has conferred All-American rating on The Yodler for the fourth consecutive time. Each student receives the newspaper, the subscription being included in the student activities fee.

The Columns. The Columns is the yearbook published by the students of Anderson College. It attempts to portray and record in permanent form the varied student interests.

Student Government Handbook. This book is published annually by the Student Government Association. It contains the specific information which students consider essential for orientation and adjustment to life at Anderson College. At the beginning of the college year each student is given a copy of the Handbook and is thereafter held responsible for knowing its contents.

COLLEGE HONORS

College honors are open only to students with good standing and good deportment.

In order to be eligible to represent the college, or any organization of the college, a student must not have served restrictions during the year, and she must have made a passing grade in all her classes, at the time of her nomination or election to such office or position, and said passing grade must be maintained throughout her term of office. By failure to meet one of these standards she automatically forfeits her right to continue to hold such position of honor or trust. The Student Government constitution provides that all nominations for offices of trust and honor are subject to the approval of the Faculty Executive Committee. Elections and appointments not complying with the foregoing regulations are null and void. Among positions referred to in this regulation may be mentioned appearance on public programs or functions in major roles, the holding of important offices, and membership on the Student Council.

ALUMNI ASSOCIATION

Anderson College has an active Alumni Association with chapters in this and other states. All graduates and former students are eligible to membership in the Association. The purpose of the organization is to keep alive in the hearts of all former Anderson College students a vital love and enthusiasm for their Alma Mater.

The College welcomes its alumni at any time during the year, and extends a special invitation for class reunions at Commencement. College regulations must be observed upon all such visits.

ADMINISTRATION

REQUIREMENTS FOR ADMISSION

Applicants may be admitted to Anderson College upon graduation from an approved secondary school, with a minimum of fifteen acceptable units or the equivalent of this requirement as shown by examination. Entrance examinations are given to graduates of non-accredited high schools and to others unable to qualify for admission by certificate. Candidates who qualify for the South Carolina State High School Certificate by examination are eligible for admission to Anderson College.

The units presented must include:

1. Three units of English.
2. Three or more units as a Major selected from one of the following groups:
 - a. A classical language.
 - b. A modern language, other than English.
 - c. Social sciences (history, civics, economics, geography, sociology, general business science, commercial law, problems of democracy, and citizenship).
 - d. Mathematics.
 - e. Natural sciences (physics, chemistry, botany, zoology, general biology, general science, physiology, and physiography).
 - f. Commerce (typewriting, shorthand, bookkeeping, commercial law, and business arithmetic).
3. Two or more units as a Minor selected from a second group listed under 2.
4. Of the required units, three are to be in English, and not fewer than seven from No. 2, groups a-f, including one unit of American History. Any remaining units may be selected from any other subjects accepted by an approved high school for its diploma.

For students electing mathematics in the freshman or sophomore year, mathematics must be selected (one and one-half units in algebra and one unit in plane geometry). These units will not be required of students admitted to terminal courses.

A student who expects to enter a specific college or university after completing her two years of junior college work at Anderson College must be certain that she has the entrance credits required by that specific college or university. The Dean will be glad to check the entrance credits upon request.

CLASSIFICATION OF STUDENTS

First-year students who have satisfied the admission requirements and who are registered for twelve or more semester hours will be classified as freshmen.

Students who have earned a minimum of twenty-four semester hours credit and have fifteen quality points may be classified as sophomores.

This schedule of classification will be used as a basis for all class and college activities. Official class rolls must be obtained from the office of the Dean before the election of class officers or class representatives.

POST GRADUATE STUDENTS

Each year a number of junior college graduates return for a third year of study in Art, Home Economics, Music, or Secretarial Science. A student may plan a three-year course which will entitle her to both the junior college diploma and a secretarial certificate.

SPECIAL STUDENTS

Mature students, who are not candidates for degrees, may be admitted as special students. Such students must satisfy the Dean that they are capable of carrying college work. Credits will be recorded but not transferred until entrance requirements have been met.

ADVANCED STANDING

Applicants for advanced standing from other colleges must meet entrance requirements and, unless coming from another college of recognized standing, must be examined in the subjects for which they desire credit.

Students entering from other colleges must present letters of honorable dismissal from the institution last attended, together with official transcripts showing specifically the subjects pursued, the duration of each course, and the grade attained.

GENERAL ACADEMIC REGULATIONS

GRADES

At the end of each semester the grade of each student is sent to the Registrar's office by the instructor, recorded on the permanent records of the College, and a report is sent to the parent or guardian of each student. Parents are earnestly requested to examine these report cards and co-operate in every possible way with the College in order to strengthen points of weakness and deficiency. Parents can render valuable assistance by a hearty sympathetic co-operation.

A, B, C, and D are passing grades; E means conditioned, but with privilege of re-examination. F means failure.

The semester grade represents all the work of the student in the course concerned, including daily recitations, special tests, and the final examination.

REQUIREMENTS FOR HONORS

Any student who maintains an average of 2.50 quality points for each semester hour of credit for her entire course of study shall be granted her diploma *cum laude*; any student who maintains an average of 2.75 quality points for each semester hour of credit for her entire course of study shall be granted her diploma *magna cum laude*; and any student who maintains an average of 2.95 quality points for each semester hour of credit for her entire course of study shall be granted her diploma *summa cum laude*.

The following table shows the number of quality points per semester hour credit for each grade:

GRADE		POINTS PER CREDIT
Excellent	A	3
Good	B	2
Fair	C	1
Poor	D	0
Condition	E	0
Failure	F	0
Incomplete	I	0
Absent from Examination	X	0
Dropped with a Passing Mark	WP	0
Dropped with a Failing Mark	WF	0

An average grade of C is necessary for graduation with recommendation. Deficiency in quality points may, in some instances, be removed by repeating courses on which low grades have been made.

EXAMINATIONS

Regular Examinations. All classes are examined at the close of each semester. The examinations do not exceed two hours in duration. In addition to these regular examinations, class tests are conducted at such times as the instructor in charge may see proper.

No student may be exempted from examinations by any teacher, and no teacher may hold an examination out of the scheduled time. All semester examinations must be taken on "blue books," which may be purchased in the college bookstore.

Special Examinations. A sophomore who has any condition on the work of the second semester will be given an opportunity to remove the condition during the first three days of the week following the second semester examination period. For such examination a fee of \$1.00 is paid.

Second Examinations. A condition on a semester's work in any course may be removed at the discretion of the instructor by a second examination at the appointed time for re-examination. If the examination is satisfactory, the grade is raised to a passing grade, but no higher. If the examination is not satisfactory, the student will be required to repeat the subject in class or forfeit the credit. For such examination a fee of \$1.00 is paid.

CLASS ATTENDANCE

Regular and prompt class attendance is expected of all students. The following regulations concerning class attendance are enforced:

1. No student shall receive credit in a course in which she has been absent for more than one-fourth of the time for which the course was scheduled. No student will be admitted to a class after the fourth week of the semester, except in extraordinary cases, when the Dean may admit a student on recommendation of the instructor of the course. Students entering late must make up the work which their classes have already done.

2. Parents are asked not to withdraw or detain students from any academic duty, except for reasons approved by the college authorities. Application for special exemptions growing out of emergencies in the family of the student must always be made in advance by the parents to the Dean. All dental work should be attended to before the student enters college or during the regular holidays.

The following excuses for absences are permissible under the regulations of the faculty:

- a. Illness, certified by the college infirmary, parents, or physician;
- b. Marriage or death in the family;
- c. Leave of absence to represent the College officially, provided the class standing of the student is satisfactory.

3. Students who wish to withdraw from the College at any time other than the end of the semester are required to file a withdrawal card with the Dean. Any student who withdraws from the College without notifying the President or Dean suspends herself.

CLASS CUT SYSTEM

1. College students are allowed for each semester one cut from

a class giving one hour of credit, two cuts from a class giving an hour and a half of credit, three cuts for three hours, four cuts for four hours, and five cuts for five hours of credit. These cuts are to take care of family emergencies or illness, and should be saved for that purpose, with the exception of the free cuts described below. If the use of class cuts involves absence from the College for resident students, they are required to secure permission from the Dean's office and from their parents.

2. If a student overcuts, a card of readmission to class will readily be issued if the student can prove to the Faculty Committee on Absences that both his allowance of cuts and his overcut have been used for the permissible purposes quoted above.

3. If a student overcuts for unauthorized reasons, or for legitimate cause following any previous unauthorized absence except that of the free cuts described in paragraph 4, a fee of \$1.00 will be charged for a first card of readmission to each class, \$2.00 for a second, \$3.00 for a third; any fees thus collected will be added to the library fund. In addition, the absence will be marked unexcused on the readmission card, and the instructor will be advised to exact any amount of extra work he thinks expedient, in addition to the normal amount of make-up work. These measures are designed to make it exceedingly difficult for a student to overcut classes, as class attendance on the junior college level is necessary for good training and for keeping a student from wasting his time and his parent's money.

4. To take care of personal emergencies, college students are allowed for each semester one unauthorized cut from each class; new students may not use these free cuts until after they have attended classes for one month. Free cuts are not additional cuts to those listed in paragraph 1, but merely mean that one of the student's allowance of cuts for each class may be used for personal reasons and need not be accounted for.

5. Cuts taken to extend a school vacation may be used only under the following conditions:

- a. Students must save their cuts for this purpose.
- b. Their academic standing must be satisfactory, preferably not less than a C average.
- c. All cuts thus used on the two days before or after any school vacation will count as double cuts.
- d. Resident students must secure approval of their academic standing in the Dean's office before making any travel reservations, and must also have their parents send approval of their plans in a letter to the Dean.

6. Cuts are not permitted from classes on days of previously announced tests. If a student for unavoidable cause misses an announced test, he should apply at once to the Faculty Committee on Absences for a card of admission to a re-test. Unless he promptly presents such a card to the instructor, the latter will record a zero for the test.

7. College students who make the Dean's List are allowed one extra cut from each class.

8. Until grades have been recorded at the end of the first quarter, new students may use class cuts only for illness or emergencies beyond their control, with the exception of the free cuts.

9. High school students will follow the regulations given above, with the following modifications:

a. They may have one cut from a one-hour class, and three cuts from a class meeting three or more times a week.

b. Resident high school students are required to seek the guidance of their faculty adviser before using class cuts for any purpose except illness; the latter must be certified by the school nurse.

10. No chapel cuts are permitted, but absences from chapel are excused on days on which class cuts are used. The student is required to file promptly a chapel absence blank, listing the classes which he has missed on the day of the absence from chapel. If no blank has been filed at the end of two days, the absence will be recorded as unexcused and a quality point will be deducted from the total number of the student's quality points.

REGISTRATION AND CLASSIFICATION

Each student upon arrival at the College should report to the business office where an initial payment is made and a matriculation card, signed by the Treasurer, is secured. Instructions for classification are given by the Dean when the student reports to the auditorium for convocation. The student next reports to a member of the Classification Committee for consultation and arrangement of the course of study. When the complete program of the course of study has been approved, the student is given cards of admission which must be presented to the instructors of the various courses indicated. No student will be admitted to a course who does not present a card of admission. All matriculation cards are left in the office of the Dean.

A regular charge of \$1.00 must be paid at the business office for changes made in courses after the first week of the first semester or after the first day of the second semester, unless change is made on the initiative of the college authorities. No change in registration will

be permitted without the approval of the Dean. Students will not be excused from classes dropped until the instructor receives official notice.

A subject dropped after the middle of the semester is recorded as a subject failed if the grade is below passing at the time the subject is dropped.

The College reserves the right to withdraw any course the enrollment of which does not justify its continuance.

REQUIREMENTS FOR GRADUATION

THE ASSOCIATE IN ARTS DIPLOMA

Requirements for graduation with the Associate in Arts Diploma are sixty-four semester hours of college work, including the work required in physical education. A minimum of as many quality points as semester hours credit is required for graduation with recommendation. Credits of students who fail to earn this minimum of quality points will be transferred upon request to another institution but without recommendation.

Candidates for the junior college diploma must complete at least one year's work in Anderson College.

Sixteen hours of recitation work a week are expected of all regular students. The minimum is twelve. For each three-hour literary study taken in addition to the work required for each semester a charge of \$15 will be made. Credit will not be given for more than nineteen hours of academic work a semester, exclusive of physical education. Only by special permission of the administration may nineteen hours be taken.

In addition to the required courses for the Associate in Arts Diploma, from six to twelve semester hours may be elected in any one or in a combination of the following departments: Art, Dramatic Art, Home Economics, Music, Secretarial Science, and Speech. The number of hours allowed will be determined by the plans for further study.

TEACHERS' CERTIFICATES

Students planning to teach should study carefully the requirements for certification in the state in which they expect to teach. The Dean will be glad to advise students concerning teacher certification. Anderson College offers an Elementary Teachers course which prepares students in two years for teaching in the elementary grades in South Carolina.

Students enrolled in transfer courses and planning to teach after completing a four-year course should take most of the required courses in general education during their freshman and sophomore years. In the teacher education program in South Carolina the following courses are prescribed in the four-year curriculum: English, 12 semester

ANDERSON
COLLEGE

hours; Biological and Physical Sciences, 12 to 16 semester hours; Social Studies, 12 semester hours in at least three fields; Fine Arts, 6 semester hours; Health Education, 3 semester hours.

I. TERMINAL LIBERAL ARTS COURSE

This course, designed to give a broad cultural background, may be elected by students who do not intend to continue their college work beyond the sophomore year. They may take courses of varying lengths, depending upon the amount of time they can spend in study. Those who can spend two years in college may complete the two-year diploma curriculum and earn junior college diplomas. Students entering with high school training in secretarial subjects may be placed in advanced classes according to ability.

The Anderson College Placement Service, available to all graduates, has the record over a period of years of being unable to meet the frequent calls for graduates of the Secretarial Department. Many employers, preferring college trained secretaries, make yearly applications to the Placement Service for replacements in their offices.

THE SCHOOL OF MUSIC

The School of Music offers courses the aim of which is to lay a foundation of musical knowledge of a two-fold nature; (a) to give students the ability to appreciate music in a general way; (b) to furnish the technical training necessary for the professional practice of music.

As a vocation, music has become one of the most important forms of professional life. As a discipline, as a means of intellectual growth, and as an aid in developing a love for the beautiful, music is being recognized as equal to any of the accepted studies of the college course. Pupils are urged to avail themselves of the unusual facilities here presented for acquiring that symmetrical culture which results from the study of literature and music together.

EQUIPMENT

The Music Department of Anderson College is unusually well equipped. The studios and classrooms, as well as practice rooms, are adequately furnished; the auditorium has excellent acoustic properties and will seat 700 people.

CHORAL TRAINING

Members of the Glee Club have the privilege of careful training in the fundamental principles of choral singing. Correct pronunciation, purity of tone, and elasticity of rhythm are stressed. The repertoire includes unaccompanied medieval and modern church music, part songs, and secular choruses. Those showing special aptitudes are also given the opportunity of singing in trios, quartets, and other small ensembles. Membership is open to all who pass a satisfactory test.

PREPARATORY DEPARTMENT OF THE SCHOOL OF MUSIC

For the student whose musical education does not fit her to enter the college freshman class, a preparatory course of carefully graded material has been worked out in Piano, Violin, and Voice.

Special attention is given to the formation of correct technic, flexibility being the chief foundation; precision; memorizing and intelligent interpretation.

No special statement can be made as to the length of the preparatory course in Piano, Voice, or Violin, as so much depends upon the talent, industry, and other personal qualities of the individual student.

METHODS OF INSTRUCTION

Instrumental and vocal instruction are given in private, individual half-hour lessons, two each week.

The advantage of class work—emulation and observation—are provided by a series of solo classes and student recitals. The student first participates in informal studio or departmental programs. She then appears in recitals in the chapel. At graduation, she gives a complete program. Thus she sees the work of others, gains experience in public performance, conquers nervousness, and develops poise and control.

Students are required to attend these classes and recitals as part of their regular work, and to take part when their instructors so direct.

DEPARTMENT OF PIANOFORTE

MISS CRONKHITE, MISS MAJOR

MRS. ORR, MISS SKINNER

The course of study in the Pianoforte includes elementary, intermediate, and advanced grades of etudes and compositions required for systematic development in execution and interpretation, both for teaching and artistic performance. Especial attention is paid to the development of a musical tone and a refined and intelligent style of playing. It will be the effort of the teacher to adapt the instruction to the personal needs of the student.

Annual examinations before the Faculty of Music are required of all students taking the regular courses leading to graduation.

An applicant for admission to the freshman year of the Music Major Course will be given a test in fundamental music theory. Textbooks used: *Diller's, First Year Theory Book* and *Gaynor's, Chord Playing at the Piano*. Applicants must be able to play music of the grade of the Little Preludes of Bach, the easier Sonatas of Haydn and Mozart, and compositions by Mendelssohn, Greig, and others. Any conditions in these requirements at entrance, allowed because of unusual ability, must be met by the end of the first semester of the freshman year.

DEPARTMENT OF VOICE

MISS CULYER

The course in voice culture is intended to train and thoroughly equip a pupil for artistic performances and teaching.

The course, as outlined, occupies two years. Special attention is given to breath control, pure tone, diction, poise, and artistic interpretation. Students entering from other colleges will be given credit for the work they have completed, provided they pass a satisfactory test.

Freshman. Attention is given to posture; the development of breath support; relaxation of throat, tongue, and jaw. A study is made

of selections from "Master Vocal Exercises" by Horatio Connell, sung on all vowels, with other exercises and standard vocalises. This is supplemented by the study of simple songs.

Sophomore. A more advanced technic is developed in vocal production, diction (coordination of word and tone), and interpretation. Great emphasis is placed on an even quality, on all vowels throughout the voice. There is a continuation of phonetic study, specializing in Italian (or other foreign language if chosen). Song literature suitable to the particular voice is given.

At the end of each year of study, pupils must pass an examination based upon the work required.

VIOLIN

MR. WEBB VON HASSELN

The method of instruction in this department will vary to meet the requirements of the individual student. It is based chiefly on that of Professor Ottaker Sevcik of the Conservatory of Music in Vienna. It embraces also the principles of Wieniawski, Leopold Auer, and other great teachers, whose resources in solving the intricate and varied problems in violin technics are drawn upon to meet the requirements of the student.

First Year. In this preparatory course Hohmann's *Practical Violin School* is supplemented by exercises from Sevcik's *Opus 6*. The Sevcik system for developing both right and left hands is applied from the very first, and the material arranged in such easy and progressive style that advancement is certain. Easy pieces in the first position are learned.

Second Year. This course for slightly advanced pupils includes: first five positions; Sevcik, *Opus 11*, Book I; studies by Wolfhart, Sitt Kayser and compositions.

PUBLIC SCHOOL MUSIC

Anderson College offers the first two years of Public School Music as outlined. This course is practically identical with the first two years of the regular course in Piano, Violin, or Voice. In this way the student is prepared to continue work in Public School Music in any college offering a degree in this subject. Changes may be made as necessary to fit the requirements of the college in which the student contemplates doing advanced study.

PREPARATORY DEPARTMENT OR HIGH SCHOOL

*Anderson College offers two years of high school work. The high school department is fully accredited by the State Department of Education. Upon completion of the college preparatory course the student may enter the freshman class of Anderson College or other colleges or universities.

Students are admitted to the junior class upon presentation of a minimum of seven acceptable high school units. Two of these should be English. Students are admitted to the senior class upon presentation of a minimum of eleven, preferably twelve, acceptable high school units. If a student lacks only one of the required number of units, she will be given conditioned classification.

A student's yearly schedule consists of four subjects credited as one unit each. Under certain conditions, however, a minimum of three units and a maximum of five are allowed. In addition, physical education is required of all students except those excused by the family or college physician.

Classes in the preparatory department are small; thus teachers are able to give much individual guidance to students in all classes. Students have the opportunity of choosing electives from the special departments, Art, Dramatic Art, Home Economics, Music, Secretarial subjects, and Speech. High school students have the advantage of living in the college community and of participating in the athletic, social, and club activities.

REQUIREMENTS FOR GRADUATION

For graduation with the high school diploma the following sixteen units are required:

English	4 units
United States History	1 unit
Second major	3 units
First minor	2 units
Second minor	2 units
Free electives	4 units

NOTES RELATING TO EXPENSES

Checks and drafts should be drawn to the order of Anderson College.

This bulletin with its published announcements is to be regarded as equivalent to a contract as to charges between the College and its patrons, and no agent or representative is authorized to promise any different terms of payment except by written consent of the President or Treasurer. No former bulletin or publication shall be regarded as authoritative on rules and rates.

All accounts are payable when due. No student is permitted to attend classes at the beginning of either semester until the initial payment has been made with the Treasurer. No examinations, honorable dismissal, diploma, certificate, or transcript of credits will be given until all accounts with the College have been satisfactorily settled.

Delayed Entrance, Protracted Absence, and Withdrawal from

College. Students entering college two weeks late or more, in either semester, will be charged for board and room and for all fees and tuition for the full semester.

Deduction in boarding charges will be made on a pro-rata basis for absence occasioned by sickness, protracted as long as four weeks.

In accordance with the uniform customs of reputable colleges all students are admitted for the entire session or part of the session unexpired at the time of entrance. No reduction or refund will be given for the current quarter, therefore, when a student withdraws, unless, in the opinion of the College Physician, the state of the pupil's health renders such a course necessary.

Pupils who withdraw or who are dismissed for any other cause are liable for the expense to the end of the current quarter. Students not returning after Christmas will be charged in full to the end of the semester.

No refund is made in the case of day students taking special courses only.

Students' Bank. The College does not advance money to students. A students' bank is operated for the convenience of teachers and students. It is recommended that a deposit of \$20.00 be made in the students' bank for books, sheet music, stationery, and other supplies. Except in the case of sisters rooming together, each student is required to buy her own books.

Bookstore. The College maintains a bookstore supplied with textbooks, stationery of all kinds, paper, ink, and miscellaneous supplies. Textbooks are supplied only through the bookstore. Purchases must always be made in cash.

Reductions and Concessions. A reduction of ten per cent is allowed on all charges for tuition and specials, but not on fees and board when two boarding students come from the same home (sisters); provided, however, that both remain in College for the entire semester; that all charges are paid when due, and that neither student holds a free scholarship.

Two day students from the same home are allowed a discount of five per cent on special courses.

Pastors actively engaged in the ministry of the gospel, whose daughters are students, are granted a discount of \$75.00 for the year if the student is a boarding student, and \$50.00 if a day student, provided no other concession is made. One-half of the amount is credited each semester. Renewal of this concession is conditioned upon the student's having passed the work of the previous session

with an average of not less than C. Any minister wishing to secure the benefit of this concession should make formal application in writing to the President.

A limited number of General Excellence awards for entering resident students are offered each year to outstanding high school graduates on the basis of scholarship, character, and leadership. These scholarships, valued at \$75.00 each, are for one year only and written application must be made before August 1. Applications must be accompanied by recommendations from at least three persons not related to the student.

Guests. The entertainment of visitors is a privilege granted when convenient to the management, and after permission has been obtained from the Dean, and at the following rates: 40 cents for breakfast, 50 cents for lunch, 75 cents for dinner, and \$1.00 for Sunday or Guest Night dinners. A charge of 50 cents is made for each overnight guest.

Health Service. For students in the infirmary the College furnishes ordinary medicines and dressings, and the services of a nurse and a physician. When special prescriptions are required, these are paid for by the individual student. No extra charge is made for infirmary services as indicated above or for meals served in the infirmary.

Courtesies. There is no student admission charge for lectures and recitals given under college auspices. There is no fee for make-up examinations and quizzes when the student had a legitimate excuse for the absence on the original date, and the instructor was notified in advance by the student or the parent of the student. There is no tuition charge for training in the College Glee Club. Regular students may elect classes in speech and dramatic art without any extra charge. One-hour classes in journalism, health, physical education, and public speaking may be elected without extra charge. There is no charge for one original transcript.

ALMA MATER

*Dear to our hearts is our Alma Mater,
Loyal and true are we,
Truest devotion till life is ended,
Wholly we pledge to thee.
Tho' from thy halls far away we wander,
Thoughts back to thee will fly;
And tender mem'ries time cannot sever,
Love that will never die.*

*Heav'n's choicest blessings ever attend thee,
Dear Alma Mater mine—
No shadows harm thee, no fears alarm thee,
Always the sunshine thine.
And tho' we leave thee, we'll never grieve thee
True to our trust we'll be,
Our best endeavor, now and forever,
Always to honor thee.*
